FIELD OFFICE TECHNICAL GUIDE NOTICE ND-49

This notice transmits changes to Field Office Technical Guide (FOTG), Section I, Reference Subjects.

Websites have been added to reference subjects as follows:

- List of Additional Agronomy References
 - Soil Quality – Agronomy 16, Interpreting the Soil Conditioning Index: A Tool for Measuring Soil Organic Matter Trends
 - Affordable Opportunities for Precision Agriculture

- List of Biology References
 - Area Requirements of Grassland Birds: A Regional Perspective
 - Attracting Wildlife to Your Back Yard: A Guide to Increasing Wildlife Diversity and Aesthetic Value Around Your Home
 - Butterflies of North America
 - Contributions of the Conservation Reserve Program to Populations of Breeding Birds in North Dakota
 - Effects of Fire in the Northern Great Plains
 - Effects of Management Practices on Grassland Birds
 - Establishment of Seeded Grasslands for Wildlife Habitat in the Prairie Pothole Region
 - Evidence for Edge Effects on Multiple Levels in Tallgrass Prairie
 - Forest and Rangeland Birds of the United States: Natural History and Habitat
 - Grassland Bird Use of Conservation Reserve Program Fields in the Great Plains
 - Grassland Management and Restoration for Breeding Birds: An Annotated Bibliography
 - Habitat Fragmentation Effects on Birds in Grasslands and Wetlands: A Critique of Our Knowledge
 - Management of Agricultural Landscapes for the Conservation of Neotropical Migratory Birds
 - Management of Northern Prairies and Wetlands for the Conservation of Neotropical Migratory Birds
 - The Conservation Reserve Program and Grassland Birds
 - The Conservation Reserve Program: Good for Birds of Many Feathers
 - The Conservation Reserve Program: Habitat for Grassland Birds
 - Wetland Restoration, Enhancement, and Management Manual
 - Wildlife Habitat Management on the Northern Prairie Landscape

- List of Engineering References:
 - A Soil Bioengineering Guide for Streambank and Lakeshore Stabilization
- List of Hay, Pasture & Range References
 - Grazing Lands Technology Institute and Soil Quality – Agronomy 16, Interpreting the Soil Conditioning Index: A Tool for Measuring Soil Organic Matter Trends
- List of Soils References
 - Soil Quality Institute

Irrigation: Compatibility of North Dakota Soils for Irrigating EB-68 has been moved to List of Engineering References – Irrigation.

Questions may be directed to Mark Anderson, Resource Conservationist, 701-530-2039, or mark.anderson@nd.usda.gov.

MYRON P. SENECHAL
State Resource Conservationist
