## Technical Guide Notice ND-74

This notice transmits instructions on labeling published soil surveys.

The official copy of the soil survey which includes tabular and spatial data, is located on the Soil Data Mart <http://soildatamart.nrcs.usda.gov/Default.aspx>. It can also be accessed through Soil Data Viewer located on NRCS field office computing systems or Electronic Field Office Technical Guide (eFOTG), <http://www.nrcs.usda.gov/technical/efotg/>, in the "Soil Information" folder of "Section II".

Since the official data is no longer the published soil survey, it will be necessary to label all soil survey publications with the following statement:

*Notice: Soils data within this soil survey report (tabular and spatial) has been updated and is not the official data set for this county. The official data set can be accessed at the following web sites:*

*Soil Data Mart <http://soildatamart.nrcs.usda.gov/Default.aspx>*

*Electronic Field Office Technical Guide (eFOTG)  
<http://www.nrcs.usda.gov/technical/efotg/>*

Direct questions on the official copy of the soil survey to Steve Sieler, State Soil Liaison, (701)530-2019 or [steve.sielier@nd.nrcs.gov](mailto:steve.sielier@nd.nrcs.gov)

/s/

EUGENE F. SCHOCK  
State Resource Conservationist
