Select the dropdown icon on the Screenshot tab, then select the "Screen Clipping" option in the bottom of the window

Select the screen you want to crop the photo from (Toolkit Map)

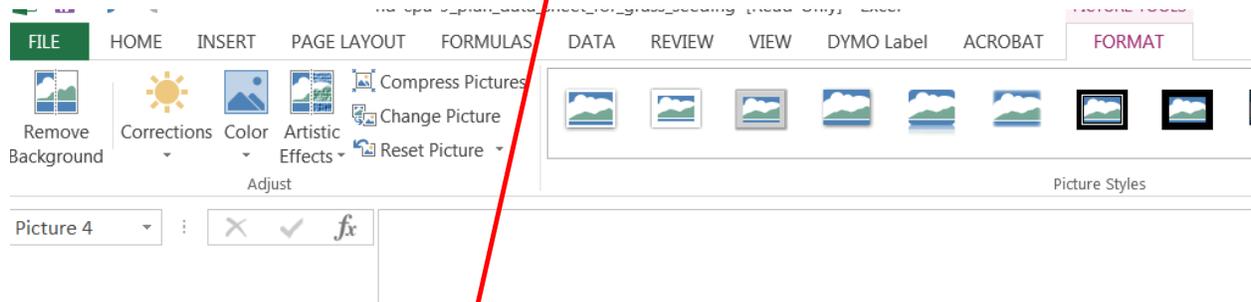

The screenshot shows the Microsoft Excel interface with the 'Screenshot' dropdown menu open. The 'Screen Clipping' option is circled in red. Below the menu, the spreadsheet grid is visible with columns for 'Section', 'Township', and 'Range'. A yellow box in the grid contains the text 'Insert map here, then resize.' To the right of the grid is a form with fields for 'SEEDBED PREPARATION', 'Companion Crop, If used', 'Seeding Method', 'NOTE', 'Seedbed Preparation & Seeding Operation Performed', and 'WEED CONTROL'. At the bottom, there is an 'ADDITIONAL REMARKS' section.

Click anywhere inside the Section, Township and Range block

Crop out the map image in Toolkit using the layout view

The cropped image will appear on the ND-CPA-9
