

# NEBRASKA TECHNICAL NOTE

U. S. Department of Agriculture  
Natural Resources Conservation Service

July 22, 2002

BIOLOGY TECHNICAL NOTE NO. 71

Gerald E. Jasmer  
Wildlife Biologist

Enclosed is a copy of *Habitat Management Guidelines for Amphibians and Reptiles of the Midwest*. This publication was prepared by Partners in Amphibian and Reptile Conservation and the Center for Reptile and Amphibian Conservation and Management. This booklet provides information on different habitats found in the Midwest, as well as habit-specific species, management guidelines, and integrative management ideas as well as a list of reptiles and amphibians found in the Midwest. Also contained in the booklet is a toolkit, which will assist land users in creating a plan to better the habitat for reptiles and amphibians in their area.
