GRAZING MANAGEMENT ENHANCEMENT

February 2006

NEBRASKA

Name: _____

Manage grazing lands by utilizing decision support tools to aid in grazing plan development

Payment = \$ _____ / Acre / Year for each acre in management units with annual grazing management plans where decision support tools are used to help in the grazing management decision making process.

Required Elements:

- Use an approved grazing decision support tool to achieve more consistent or effective results from grazing management plans.
- Tools may include, NUTBAL, GSAT, Grazing Response Indexes, or other programs that help analyze grazing management.

Documentation Required:

Use the following table for documentation and attach a plan map showing the location of management units involved in the decision support tool use. An example is provided to assist you.

Management Units	Decision Support Tool Used	Acres Managed	Year
Field 9	Nut-Bal	13.5	2005

Example

Management Units	Decision Support Tool Used	Acres Managed	Year

Additional Documentation Required:

Signed certification that decision support tools are utilized to aid in annual grazing plan development and attached grazing plan including decision-tool based modifications.

Certification:

I certify that I have applied a decision support tool described in this jobsheet for the field(s) listed in the table above.
