

## Authorization for NRCS Release of Specific Conservation Plan File Information for Consultation

Persons receiving assistance through the USDA Natural Resources Conservation Service (NRCS) to implement conservation projects are required to comply with all federal, state, and local laws.

Section 106 of the National Historic Preservation Act (NHPA) requires NRCS to take into account the effects of the proposed project on cultural resources that are listed or eligible for listing on the National Register of Historic Places. Compliance with Section 106 may require NRCS to consult with the State Historic Preservation Officer (SHPO), Tribal Historic Preservation Officer (THPO), Advisory Council on Historic Preservation (ACHP), representatives from one or more Federally Recognized Indian Tribe(s), representatives of local governments, and other individuals and organizations with a demonstrated interest in the undertaking. Cultural resources locational information will not be disclosed to the general public.

NRCS personnel and/or our technical representatives may require access to your private property to complete a cultural resources review. However, NRCS will not provide access to other agencies, groups, or individuals without your permission.

I, \_\_\_\_\_, have control of said project and/or property, and give my consent for NRCS to conduct a cultural resources review, consult with and/or release pertinent information, such as my name, property location, review results, and planned practices from my conservation plan relating to said consultation with the SHPO, Federally Recognized Indian Tribes, and any other consulting party to ensure compliance with all federal, state, and local laws that may apply including the NHPA.

I, \_\_\_\_\_, have control of said project and/or property and choose **not** to give my consent for NRCS to conduct a cultural resources review, consult with and/or release pertinent information, such as my name, property location, review results, and planned practices from my conservation plan relating to said consultation with the SHPO, Federally Recognized Indian Tribes, and any other consulting party to ensure compliance with all federal, state, and local laws that may apply including the NHPA.

**NOTE:** Failure to provide consent may result in NRCS being unable to provide further assistance, including project funding for your project. You may cancel this consent by written notice.

### Project Location

Legal Description/Tract/Fields  
(use most applicable description):

\_\_\_\_\_  
NAME (Client signature)
