NE-CPA-70

Instructions for use of NE-CPA-70

1. Complete all appropriate check boxes and the date blank.
2. The Landowner / Operator Checklist for EQIP AFO Cost Share (NE-CPA-70) outlines to clients with what steps are necessary to complete prior to being eligible for EQIP for animal feeding operations (AFO).
3. No practices for which cost share is being applied can be started *before* the contract is approved. It is possible to be granted a waiver to start some construction prior to getting an approved contract but this request must be in writing and approved by the State Conservationist prior to any starting of work. If granted a waiver it does not guarantee the participant a contract. EQIP timelines may or may not coincide with deadlines established by DEQ
