

Instructions

Data Sheet for Sizing Spillways

NE-ENG-41A

Instructions for use of NE-ENG-41A

This is a worksheet for evaluating the numerical rating of an emergency spillway and sizing and E.S. There is more room on this form than there is on the NE-ENG-41 and there is more detail. This form should probably be used on major dams where beta flood routing is used.

Example of this form is found on page NE 2-95 of the EFM*

*Note: EFM (Engineering Field Manual) title has been changed to EFH (Engineering Field Handbook).

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer."
