

STATEMENT OF WORK

Waterspreading

Owner: _____ Business I.D.: _____ County: _____ Date: _____
Operator: _____ Tract No. _____ Field No(s). _____
Contract No./Revision No. : _____ Contract Item No.: _____ Field Office: _____

GENERAL INFORMATION:

Background Conservation Plan/Casefile Information is documentation that is gathered or prepared by the conservation planner during the first 7 steps of the conservation planning process (refer to the NRCS National Planning Procedures Handbook (NPPH) for details). This information should be included in the client's casefile. While information within a client's casefile is subject to the Freedom of Information Act (FOIA), the client may sign a waiver which would allow access of this material to a Technical Service Provider or other interested party as designated by the client.

Practice Design, Installation and Checkout Requirements are documentation deliverables that apply to the individual practice. Design, Installation and Checkout are categories of technical assistance which can be completed and submitted separately for certification.

Use of this Form: This form will be used as a checklist for verification of practice design, installation and checkout deliverables. Checked items are required to be documented.

Documentation submittal: Submit this form along with completed documentation deliverables as indicated for each category of technical assistance to NRCS. All documentation must be provided before work can be submitted for payment.

(http://efotg.sc.egov.usda.gov/efotg_locator.aspx?map=NE), Section IV, Conservation Practice Standard 640, National Planning Procedures Handbook (NPPH, Amend NE4); NRCS National Environmental Compliance Handbook; NRCS Cultural Resources Handbook.

CONSERVATION PLAN/CASEFILE INFORMATION NEEDED:

- Client's objectives (assistance notes)
- Resource inventory (NE-CPA-52 or equivalent)
- Conservation plan for the treatment unit (NE-CPA-68 or equivalent)
- Location (Map or photo including legal description)
- Soil Survey Information
- Purpose of the practice (List all that apply/design must account for these purpose(s)): _____
- Restoration and Management of Declining Habitats general practice requirements, including records to be kept, jobsheets to be utilized, etc.

DESIGN DELIVERABLES: (Provide copies/verification/documentation for each deliverable to NRCS)

(Refer to FOTG Sec. IV, 640

1. Design documents that demonstrate criteria in practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. Compliance with NRCS national and state utility safety policy (NEM part 503-Safety, Section 503.00 through 503.22)
 - d. Practice standard criteria related computations and analyses to develop plans and specifications including but not limited to:
 - i. Hydrology/Hydraulics
 - ii. Location
 - iii. Outlet Capacity and Stability
 - iv. Environmental Considerations (e.g. water quantity and quality)
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations (NEM Subpart A, 505.03(b)(2))
5. Design modifications during installation as required

STATEMENT OF WORK

Waterspreading

INSTALLATION DELIVERABLES: (Provide copies/verification/documentation for each deliverable to NRCS, including job sheets referenced under the Design Deliverables or equivalent documentation)

- Operation and Maintenance requirements reviewed with the client (date reviewed): _____
- Review Waterspreading with the client or contractor (date reviewed): _____
- Record any relevant correspondence with the client or contractor.
- Field boundaries staked for each Waterspreading treatment.
- Modifications to the design during installation of Waterspreading plan (include basis).
- Oversight of the practice installation/application (record pertinent notes).
- Advise the client and NRCS of any environmental compliance, resource or regulatory issues that arise during installation and discontinue installation until resolved. All activities are conducted in compliance with the National Environmental Policy Act (NEPA). All Special Environmental Concerns listed on NE-CPA-52 will be evaluated during all phases of work. **If environmental concerns arise during design, installation or checkout, NRCS must be contacted for consultation prior to proceeding.** If concerns are found, NRCS will certify NEPA compliance by signature on NE-CPA-52, prior to commencing design or installation of the practice.

COMMENTS: Use this space for installation notes or explanation of unchecked items (attach additional pages as needed):

CHECK OUT DELIVERABLES (Provide copies/verification/documentation for each deliverable to NRCS)

- Provide records that Waterspreading plan was installed according to specifications including completed job sheets & required recordkeeping.
- Progress reporting completed in Performance Results System (PRS):
Amount applied: _____ Date: _____ Reported by Whom: _____

CERTIFICATION:

I have completed a review of the technical assistance documentation submitted for this practice and certify that NRCS Standards and Specifications are met and all applicable laws and regulations are complied with.

- Design Installation Checkout (Check each category of documentation submitted with this certification)

Certified by: /s/ _____ Date: _____
