-----  
GENERAL INFORMATION:

**Background Conservation Plan/Casefile Information** is documentation that is gathered or prepared by the conservation planner during the first 7 steps of the conservation planning process (refer to the NRCS National Planning Procedures Handbook (NPPH) for details). This information should be included in the client's casefile. While information within a client's casefile is subject to the Freedom of Information Act (FOIA), the client may sign a waiver which would allow access of this material to a Technical Service Provider or other interested party as designated by the client.

**Practice Design, Installation and Checkout Requirements** are documentation deliverables that apply to the individual practice. Design, Installation and Checkout are categories of technical assistance which can be completed and submitted separately for certification.

**Use of this Form:** This form will be used as a checklist for verification of practice design, installation and checkout deliverables. Checked items are required to be documented.

**Documentation submittal:** Submit this form along with completed documentation deliverables as indicated for each category of technical assistance to NRCS. All documentation must be provided before work can be submitted for payment.

**References:** Nebraska NRCS Field Office Technical Guide (FOTG) ([http://efotg.sc.egov.usda.gov/efotg\\_locator.aspx?map=NE](http://efotg.sc.egov.usda.gov/efotg_locator.aspx?map=NE)), Section IV, Conservation Practice Standard 648, Wildlife Watering Facility; NRCS National Planning Procedures Handbook (NPPH, Amend NE4); NRCS National Biology Manual; NRCS National Biology Handbook; NRCS National Environmental Compliance Handbook; NRCS Cultural Resources Handbook.

CONSERVATION PLAN/CASEFILE INFORMATION NEEDED:

- Client's objectives (assistance notes)
- Resource inventory (NE-CPA-52 or equivalent)
- Conservation plan for the treatment unit (NE-CPA-68 or equivalent)
- Location (Map or photo including legal description)
- Soil Survey Information
- Purpose of the practice (List all that apply/design must account for these purpose(s)): \_\_\_\_\_
- Wildlife Watering Facility general practice requirements, including records to be kept, jobsheets to be utilized, etc.

**Check the box(s) to indicate supporting practices needed to facilitate Wildlife Watering Facility (refer to the conservation plan for the more information):**

- 378 Pond
- 516 Pipeline
- 574 Spring Development
- 614 Watering Facility
- 642 Well
- 644 Wetland Wildlife Habitat Management
- 645 Upland Wildlife Habitat Management
- Other (specify by practice code) \_\_\_\_\_

DESIGN DELIVERABLES: (Provide copies/verification/documentation for each deliverable to NRCS)

**(Refer to FOTG Sec. IV, 648, S-648)**

- Assessment of planned habitat quality (NE-CPA-32-36)
- Targeted species
- Type of watering facility: guzzler (648); spring development (574); trough or tank (614); pond (378)
- Wildlife watering facility design according to the appropriate standard
- All activities are conducted in compliance with the National Environmental Policy Act (NEPA). All Special Environmental Concerns listed on NE-CPA-52 will be evaluated during all phases of work. **If environmental concerns arise during design, installation or checkout, NRCS must be contacted for consultation prior to proceeding.** If concerns are found, NRCS will certify NEPA compliance by signature on NE-CPA-52, prior to commencing design or installation of the practice.
- Erosion prediction results.
- Maps that identify each Wildlife Watering Facility area.
- Narrative statements verifying that other Considerations from NE NRCS FOTG 648 Standard have been addressed: (attach additional sheets, as needed): \_\_\_\_\_

STATEMENT OF WORK  
Wildlife Watering Facility

- Operation and Maintenance requirements described in the NE NRCS FOTG 648 Standard are provided to the client (copy to NRCS).
- Specifications, to include: location; extent; materials; water storage design; and water collection apron design, if applicable; certification.
- Verification of client review/concurrence with the design (date reviewed): \_\_\_\_\_
- Verification that applicable permits are obtained (prior to installation) and applicable local, state and federal laws and regulations are adhered to, including setbacks, utilities, safety and zoning regulations.

INSTALLATION DELIVERABLES: (Provide copies/verification/documentation for each deliverable to NRCS, including job sheets referenced under the Design Deliverables or equivalent documentation)

- Operation and Maintenance requirements reviewed with the client (date reviewed): \_\_\_\_\_
- Review Wildlife Watering Facility with the client or contractor (date reviewed): \_\_\_\_\_
- Record any relevant correspondence with the client or contractor.
- Location staked for each Wildlife Watering Facility treatment.
- Modifications to the design during installation of Wildlife Watering Facility plan (include basis).
- Oversight of the practice installation/application (record pertinent notes).
- Advise the client and NRCS of any environmental compliance, resource or regulatory issues that arise during installation and discontinue installation until resolved. All activities are conducted in compliance with the National Environmental Policy Act (NEPA). All Special Environmental Concerns listed on NE-CPA-52 will be evaluated during all phases of work. **If environmental concerns arise during design, installation or checkout, NRCS must be contacted for consultation prior to proceeding.** If concerns are found, NRCS will certify NEPA compliance by signature on NE-CPA-52, prior to commencing design or installation of the practice.

**COMMENTS:** Use this space for installation notes or explanation of unchecked items (attach additional pages as needed):

-----  
**CHECK OUT DELIVERABLES** (Provide copies/verification/documentation for each deliverable to NRCS)

- Provide records that Wildlife Watering Facility plan was installed according to specifications including completed job sheets & required recordkeeping.
- Progress reporting completed in Performance Results System (PRS):

Amount applied: \_\_\_\_\_ Date: \_\_\_\_\_ Reported by Whom: \_\_\_\_\_

**CERTIFICATION:**

I have completed a review of the technical assistance documentation submitted for this practice and certify that NRCS Standards and Specifications are met and all applicable laws and regulations are complied with.

- Design  Installation  Checkout (Check each category of documentation submitted with this certification)
