

SUBPART A - PROCEDURES

NE511.03 Operating Procedure

NE511.03(b)(4)(ii)

§NE511.03(b)(4)

(i) Field data for practices and jobs that require the approval of the state conservation engineer or plans to be completed by the state office will be submitted to the state engineering office, attention "state design engineer." To have complete information for design, the data submitted should be checked against the field data check sheet, NB-ENG-52 (Exhibit NE511.80-1). Any special requirements or conditions should be covered in the letter of transmittal submitted with the field data and data check sheet.

(ii) Field data for Jobs requiring the approval of the area engineer will be sent to the area engineer involved. To have complete information for the design of small dams, the data submitted may be checked against the Field Data Check Sheet for Small Dams, NE ENG-304 (Exhibit NE511.82)
