

682.3 CROPS.

Only the commonly irrigated crops are shown in the guide. Recommendations for specialty crops or other crops involving only a limited acreage may require additional assistance from the State SCS staff or Agricultural Extension Service in planning.

TABLE 682-1 CROP ADAPTATIONS

<u>Crop</u>	<u>Furrow Spacing</u> <u>(inches)</u>	<u>Maximum Irrigation Depth</u> ¹ <u>(feet)</u>	<u>Used in Design Group</u>
Alfalfa		5	All groups except 13 & 14
Sugarbeets	22-30	3	All groups except 11, 12, 13, & 14
Corn	30-40	3	All groups except 14
