CSP Job Sheet P-2

PEST MANAGEMENT ENHANCEMENT

February 2006

NEBRASKA

Name: _____

Low risk pesticide with crop rotation of at least 3 crop types in 4 years

Payment = \$_____ / Acre / Year to apply Integrated Pest Management principles with low risk pesticides and using a crop rotation of at **least 3 crop types in 4 years with at least one of those crops being small grain or legume.**

Enhancements activities refer to actions that provide resource benefits beyond the level prescribed by the Natural Resources Conservation Service (NRCS) Conservation Practice Standards. Once implemented, enhancement activities should result in an observable or measurable improvement to the condition of one or more of the soil, water, air, plant or animal resources, or provide for more efficient resource utilization and/or energy conservation.

Crop scouting with treatment thresholds determined prior to treatment is required. Pest management record history will be maintained. **Only situations with intermediate, low, or very low risk of loss to leaching and runoff are allowed (i.e., WinPST soil/pesticide interaction analysis conducted). Crop rotation is used (minimum diversity of three crop types in four years with at least one of those crops being small grain or legume).**

Required Elements:

- Apply Integrated Pest Management principles with low risk pesticides and using a crop rotation of at least 3 crop types in 4 years with at least one of those crops being small grain or legume.

(OVER)

Documentation Required: Farmer or crop consultant certification of WIN-PST risk rating and crop rotation of at least 3 crop types in four years with at least one of those crops being small grain or legume. An example is provided to assist you.

Tract & Field #s or Names	Pest treated	WIN-PST rating	Pesticide used for treatment	Identify Crop's in rotation
T486 - 1	Pig Weeds <i>Example</i>	Intermediate	Atrazine	Wht/Sor/sunflower/fallow
Smith farm - fld#2	Cheat Grass	Low	Maverick	Wht/Wht/Corn/Sor/soybean
Tract & Field #s or Names	Pest treated	WIN-PST rating	Pesticide used for treatment	Identify Crop's in rotation

Low Risk Pesticide with a Crop Rotation of 3 Crop Types in 4 Years Certification:

I certify that I have applied low risk pesticides with a crop rotation of 3 crop types in 4 years to the field(s) listed in the Table above.

Name: _____ Date: _____
