

315 Herbaceous Weed Control

New Jersey Conservation Practice Job Sheet

Landowner/Cooperator: _____

Field Office: _____ Contract/Plan Number/Name: _____

Farm and Tract #: _____

Purpose: This practice will be implemented on the listed tracts for the purpose of:	
	Enhancing accessibility, quantity, and quality of forage and/or browse
	Restoring or releasing native or create desired plant communities and wildlife habitats consistent with the ecological site
	Protecting soils and control erosion
	Reducing fine-fuels fire hazard and improve air quality
	Other: Specify

This practice will be used to control the density of the following herbaceous species (list all that apply):

Tract Number	Field Number	Acres	Targeted Species	Desired % of Control

Type of Control Being Utilized (check all that apply):	
<input type="checkbox"/> Mechanical	<input type="checkbox"/> Chemical
Scenarios to be Used (if contractible):	

Mechanical Control Recommendations:			
Tract and Field Number	Type of Equipment and Technique (cutting, girdling, etc.)	Planned Acres	Planned Date or Plant Growth Stage for Application

****All safety warnings and operating procedures for each piece of equipment must be followed**

Chemical Application Recommendations (Based on University Recommendations per Treated Species):

Tract and Field Number	Herbicide Name	Planned Rate	Planned Acres	Planned Date or Plant Growth Stage for Application

Explain any special mitigation, timing considerations, sensitive area setbacks, or other factors that must be considered to ensure the safest, most effective application of the herbicide:

****All chemical applications must be consistent with the product label information**

WIN—PST must be used when herbicides are planned. WIN-PST documentation can be found:

----------	--------------

Second Treatment (1st Follow Up Actions) Needed To Meet the Intent of the Practice (only if needed)

Tract Number	Field Number	Acres	Targeted Species	Desired % of Control

Type of Control Being Utilized (check all that apply):

<input type="checkbox"/>	Mechanical	<input type="checkbox"/>	Chemical
--------------------------	------------	--------------------------	----------

Scenarios to be Used (if contractible):

Third Treatment (2nd Follow Up Actions) Needed To Meet the Intent of the Practice (only if needed)

Tract Number	Field Number	Acres	Targeted Species	Desired % of Control

Type of Control Being Utilized (check all that apply):

<input type="checkbox"/>	Mechanical	<input type="checkbox"/>	Chemical
--------------------------	------------	--------------------------	----------

Scenarios to be Used (if contractible):

All follow-up treatments must be represented in the Mechanical Control and/or the Chemical Application Recommendation portion(s) of this Jobsheet.
