

TECHNICAL GUIDE REFERENCE

PRESCRIBED BURNING IN NEW JERSEY

The following four references provide guidance for planning and/or applying a Prescribed Burn in New Jersey:

- **Prescribed Burning in the New Jersey Pine Region -** This reference is applicable to all regions of the state.
- **Prescribed Burn Permit Application -** This reference contains the Prescribed Burn application (very basic) and guidelines to follow in applying for the application.
- **Prescribed Burning in New Jersey -** This pamphlet is a user-friendly pamphlet on Prescribed Burning in New Jersey.
- **Open Burning Permit Application -** This application is for an open burn for such things as diseased plant waste, orchard prunings, agricultural land clearing, and hedgerow removal etc. This is usually handled through Cooperative Extension.
