FIELD OFFICE TECHNICAL GUIDE NOTICE OK450-265

Purpose: To provide notice of new and/or revised technical materials posted on the Oklahoma eFOTG.

Effective Date: Effective when received.

Explanation of Changes: All changes have been made in eFOTG. Replaced materials have been archived. Hardcopies maintained locally must be updated accordingly.

Section IV: Updated Index to reflect all changes. Updated **Oklahoma Pre-Approved Structures, Components, and Appurtenances Lists**. The following items were added:

Energy-Free Fountain Waterers

Lapp Energy Free Livestock Automatic Waterer Fountains (Dynamo Company) – Model 2008 and Model 4014

Cobett Company's Energy-Free Fountain Waterer – Model LB 36 with the Float Valve System Tanks.

Revised Standards, Specification, Job Sheets and Statements of Work (SOW) to reflect changes in national standard and technologies. Previous materials have been removed and archived.

Terrace (600) – Standard: The criteria for removing old terraces was removed from this standard

Terrace (600) - General Specification: The general specification was reformatted into a one column document and divided into applicable sections.

Heavy Use Protection Area (561) – Standard: Surfacing for watering facility aprons and livestock access ramps was moved out of the parent standard to this one. Removed sections from the previous standard that excluded its use in support of other practices. All aprons regardless of material have a minimum width of 12 feet.

(MORE)

Heavy Use Protection Area (561) - General Specification: Developed a new general specification to provide guidance for design and installation.

Obstruction Removal (500) – Standard: The criteria for removing old terraces was removed from this standard.

Obstruction Removal (500) – General Specification: Deleted

Land Smoothing (466) – Standard: The criteria for removing old terraces was added to this standard.

Land Smoothing (466) - General Specification: A new general specification was created.
