**FIELD OFFICE TECHNICAL GUIDE NOTICE OK450- 191**

**SUBJECT: Release revised state standards Range Planting (550), Cover Crop (340), Subsurface Drain (606), Section I Reference List Index, and Section IV Index.**

**Effective Date:** Effective when received.

**Explanation of Changes.** Revisions to the Range Planting standard (550) were made to match the changes contained in Oklahoma Biology Technical Note 31 and to make it compatible with the Restoration and Management of Declining Habitats (643) standard. The Cover Crop (340) standard has been revised to make nutrient applications on cover crops used for grass plantings optional based on technical determinations. The Subsurface Drain (606) standard has been updated to match the revised national standard. The Reference List has been updated.

**Filing Instructions.** The pages that are removed can be discarded.
