FIELD OFFICE TECHNICAL GUIDE NOTICE OK450-180

SUBJECT: Evaluation Matrix For Rangeland Health Addition to Section II

Effective Date: Effective when received.

Explanation of Changes. Evaluation Matrices For Rangeland Health (EMRH's) are being added to Section II of eFOTG. There are several available at this time through links in eFOTG, Section II. As additional EMRH's are prepared, they will be posted and a Technical Guide Notice distributed accordingly. These Matrices are available to help conservationists evaluate Range Health.

Access Instructions. The Evaluation Matrices for Rangeland Health can be accessed through eFOTG, Section II, Ecological Site Descriptions (ESD). Select an MLRA and a list of ESDs for the MLRA will drop down. Each ESD will have a folder named "Range Health Matrices". Copies may be printed.

If you have any questions, contact Mark Moseley at 405.742.1235.
