FIELD OFFICE TECHNICAL GUIDE NOTICE OK450-205

SUBJECT: Release Oklahoma Standards Silvopasture Establishment (381) and Use Exclusion (472), Statement of Work for Silvopasture (381) and Pond Sealing or Lining (521a, b, c, and d), 2 Drawings for Wildlife Watering Facility (648), Oklahoma Phosphorus Assessment Worksheet, Integrated Pest/Brush Management Plan (OK-CPA-16), Environmental Evaluation for Conservation Planning (OK-CPA-52) and Attachment 1, Section I Index - Reference List, and Oklahoma Index for Section IV.

Effective Date: Effective when received.

Explanation of Changes: Silvopasture Establishment (381) is a new standard. The Use Exclusion (472) standard has been revised. Two new calculation worksheets for liquid and dry manure have been added to the Oklahoma Phosphorus Assessment Worksheet. The OK-CPA-52 has been revised to meet national changes and attachment 1 has been added. The wildlife water guzzler drawings in the Wildlife Watering Facility (648) standard have been revised for clarity. The Pond Sealing or Lining Statement of Work now covers all the 521 standards (521a, b, c, and d). The Herbicide Calculator Worksheet in the Integrated Pest/Brush Management Plan (OK-CPA-16) has been corrected and revised. The indices for Section I and IV have been updated accordingly.

Filing Instructions: All the above documents can be accessed on the Oklahoma eFOTG website
