Technical Guide

Purpose: To distribute an updated index for Section IV and the Introduction to Section IV.

The enclosed index for Section IV Standards and Specifications contains an up-to-date list of standards and specifications for Pennsylvania. There are several standards that are currently being revised that you will be receiving in the near future.

All future technical guide notices will provide filing instructions. I have provided a copy of Technical Guide Note No. 1 which is Technical Guide Notice No. 1.

Filing instructions:

Technical Guide Notices 1 and 2 should be entered on the Change Notice Register which is page iii-a located in front of Section I. The notices are to be filed behind the change notice register.

Remove the Section IV index dated October 1991 and replace it with the enclosed index dated May 1992.

The enclosed Introduction to Section IV is a new addition and will be the first page in the first volume of Section IV.

If you have any questions, they should be directed through your supervisor to Robert Heidecker, State Resource Conservationist at the Harrisburg State Office.
