

August 31, 2016

TECHNICAL GUIDE NOTICE NUMBER 234

Purpose. To update the following PA Engineering Practice Standards:

Effective Date. This notice is effective upon receipt.

Explanation of Changes. The following standards and associated specifications have been revised:

PA326 – minor revisions to better manage debris removal

PA362 – minor design reference changes

PA350 – changes include defining hazard class according to section 520.21(E) of the NRCS National Engineering Manual (NEM), requirements for sediment storage, means of dewatering, and need to evaluate the existence of cultural resources.

PA520 – this is a new standard that combines PA521B, C, & D for all soil liners (521B, C, & D will be removed)

Access Instructions. The official version of the FOTG is what appears in Pennsylvania's FOTG.

The entire Pennsylvania FOTG can be accessed at the following web site:
http://efotg.nrcs.usda.gov/efotg_locator.aspx?map=PA.

You can access the Section IV Table of Contents directly at the following web address:
<http://efotg.sc.egov.usda.gov/toc.aspx?CatID=12487>
