**SUBJECT:** TECHNICAL GUIDE NOTICE NO. 25    **DATE:** February 7, 1997

**TO:** All Holders of the Pennsylvania    **FILE CODE:** 450-11  
Technical Guide

**Purpose:** To distribute an amended page 412a for Grassed Waterways. This change establishes a maximum width for natural waterways. Although realistically producers may leave natural vegetation for as wide as they desire, 50 feet is the maximum to be considered as a waterway for programs like the Conservation Reserve Program.

**Filing Instructions:** Remove page 412a, dated May 1991, from Section IV of the Pennsylvania Technical Guide and replace it with page 412a, dated February 1997.

File this notice in the front part of Section I/II of the Pennsylvania Technical Guide and indicate receipt on the Pennsylvania Technical Guide change Notice Register found in the same location.
