**Disclaimer:** Section 1619 of the Food, Conservation and Energy Act of 2008 (the 2008 Farm Bill) prohibits disclosure of information contained in this document. Such protected information must be strictly limited to only that information necessary for USDA employees and participating partners to provide the conservation related services requested by the program producer/participant. This restriction includes transmission verbally, in writing, or in sharing of data base information including but not limited to individuals, businesses, not-for-profits, state and local governmental agencies. Section 1619 takes supremacy over State's "sunshine law" or "open records act". Information can only be shared with written documentation by the producer/participant and only to those specifically designated in the written permission.
