Pacific Islands Area FOTG Notice PI-9

SUBJECT: DISTRIBUTION OF PI SECTION IV DOCUMENTS

This notice documents new Pacific Islands Area (PI) documents for seven (7) conservation practices.

Also note that the files that were in the eFOTG Section IV Archive have been re-archived per National Bulletin 450-7-9 instructions. The new eFOTG feature eliminates archived files from the eFOTG search engine and access by the public as well as field conservationists. These steps were needed to eliminate confusion between current files and archived files.

The electronic FOTG (eFOTG) is the official PI FOTG. Pacific Island Area offices are not required to maintain a physical copy. The Pacific Basin and Hawaii eFOTG websites will continue to be maintained individually. Both sites will have the same Section IV contents.

Instructions: Offices electing to maintain a physical copy of the FOTG are responsible for downloading and printing out copies of the documents released by this notice via the eFOTG @: <http://www.nrcs.usda.gov/technical/efotg/index.html>.

For questions regarding the conservation practice documents, contact the appropriate lead discipline. A list of these contacts is included on the Index of Standards and Specifications.

For questions regarding this notice, contact Gail Ichikawa, Resource Conservationist via phone at: (808) 541-2600 extension 110 (Honolulu, Hawaii) or email at: gail.ichikawa@hi.usda.gov.

A handwritten signature in black ink, appearing to read "Lawrence T. Yamamoto".

LAWRENCE T. YAMAMOTO
Director
Pacific Islands Area

Distribution: AE (All Employees)

Following is a list and description of the revised documents.

Document or Section	Description
