35	Permanent Vegetative Cover - P	Yes	Yes

1/ P = Practice covered by existing Standards and Specifications.

T = Treatment not covered by existing Standards and Specifications.

2/ Indicates if the practice or treatment is applicable for FSA planning purposes for that particular crop. Yes, indicates it is applicable for that crop at all field office locations. No, indicates it is not applicable for that crop at any field office location. And, "Limited" indicates that it's use is limited for that crop. See footnotes for specifics.

3/ Applicable for all types of sugarcane fields at the Pahala Field Office and for seed cane fields only, at all other field office locations.

4/ Applicable for truck crops at the Guam and CNMI field offices only.
