

**NATURAL RESOURCES CONSERVATION SERVICE
CONSERVATION PRACTICE DOCUMENTATION GUIDE**

RIPARIAN HERBACEOUS COVER

(ac.)
CODE 390

REQUIRED FORMS

- A. The conservation plan narrative will indicate the purpose(s) for which the practice is being established and clearly outline management needed to attain and maintain the desired ecological functions.
- B. SD-CPA-4, if herbaceous vegetation is to be established.

OPTIONAL DOCUMENTS

- A. SD-CPA-26
- B. Habitat Evaluation Procedures
- C. SD-CPA-19
- D. Stream Visual Assessment.

PLANNING REQUIREMENTS

- A. Document hydrologic conditions for the site.
- B. Document existing conditions and existing management factors impacting conditions.
- C. Delineate existing and planned improvements required for the stated purpose(s).

PERFORMANCE

- A. Annually review the condition of the buffer and plan or adjust management to achieve or maintain suitable conditions.
