

**ENVIRONMENTAL QUALITY INCENTIVES PROGRAM (EQIP)
AMENDMENT III
TENNESSEE
August 1999**

❖ **Materials Installed:**

<u>Component</u>	<u>Unit</u>	<u>Unit Cost</u>
Stationery Irrigation Pump (10 hp)	Each	\$5,500
Quick Coupler Valves (2")	Each	\$225
Sprinkler Heads (F-100 or Equivalent)	Each	\$700

- ❖ The above amends the 1997-1998-1999 State Average Cost Lists by adding the above-listed components. The above applies only to irrigation components installed to apply animal waste. All designs for irrigation systems used to land apply animal waste must be approved by a qualified NRCS Engineer prior to the installation of the system and be included in the participant conservation plan and the operation and maintenance agreement.
