

LIST OF TENNESSEE NRCS PRACTICES REQUIRING PERMITS

| PRACTICES REQUIRING PERMITS OR REQUIRING PERMITS UNDER CERTAIN CONDITIONS | PRACTICE CODE | CONDITIONS REQUIRING A PERMIT |
|---|---------------|---|
| Access Road | 560 | Any impact to a wetland; any drainage ditches constructed to protect the road that outlets into a stream; any stream crossing |
| Animal Trails and Landings | 575 | Any impact to a wetland; any drainage ditches constructed to protect the road that outlets into a stream; any stream crossing |
| Aquaculture Ponds | 397 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Channel Bed Stabilization | 584 | Always requires a permit |
| Clearing and Snagging | 326 | Clearing vegetation within a stream or wetland requires a permit; excavation of equipment access ramps into stream; debris removal alone does not require a permit |
| Constructed Wetland | 656 | Any impact to a wetland; any outlets into a stream; any fill material placed into a stream; many ditches are considered streams and/or wetlands |
| Dam | 402 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Dam Diversion | 348 | Always requires a permit |
| Dike | 356 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream; many ditches are considered streams and/or wetlands |
| Diversion | 362 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Drainage Water Management | 554 | Outlets into a stream or wetland; any impact to a wetland |
| Dry Hydrant | 432 | Inlets from a stream or wetland; any impact to a wetland |
| Early Successional Habitat Development/Management | 647 | Any impact to a wetland or stream; adjacent to or affecting a farmed wetland or a farmed wetland pasture (including shallow excavation, ditch plugs, levee breach, woody vegetation clearing) |
| Fence | 382 | Requires a permit from TVA if it's located in a 100-year floodplain of any tributary or in the 500-year floodplain of any of the major river systems |
| Fish Raceway or Tank | 398 | Always requires a permit if it's on a stream |
| Forest Trails and Landings | 655 | Any impact to a wetland; any drainage ditches constructed to protect the road that outlets into a stream; any stream crossing |
| Grade Stabilization Structure | 410 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Grassed Waterway | 412 | Outlets into a stream or wetland; any impact to a wetland |
| Irrigation Land Leveling | 464 | Any excavation or earthfill in a wetland; many ditches are considered streams and/or wetlands |
| Irrigation Reservoir | 436 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Irrigation System, Surface and Subsurface | 443 | Any excavation or earthfill in a wetland; new ditches or pipes can provide wetland drainage; many ditches are considered streams and/or wetlands |
| Land Clearing | 460 | Any clearing in a wetland; any access road or path construction |
| Land Smoothing | 466 | Any excavation or earthfill in a wetland; many ditches are considered streams and/or wetlands |
| Lined Waterway or Outlet | 468 | Outlets into a stream or wetland; any impact to a wetland |

LIST OF TENNESSEE NRCS PRACTICES REQUIRING PERMITS

| PRACTICES REQUIRING PERMITS OR REQUIRING PERMITS UNDER CERTAIN CONDITIONS | PRACTICE CODE | CONDITIONS REQUIRING A PERMIT |
|---|---------------|---|
| Livestock Pipeline | 516 | Outlets into, or inlets from, a stream or wetland; any impact to a wetland |
| Obstruction Removal | 500 | Clearing vegetation within a stream or wetland requires a permit; debris removal alone doesn't require a permit |
| Open Channel | 582 | Always requires a permit |
| Pond | 378 | Damming any stream; diverting water from a stream; construction in a wetland or changing the existing hydrology of a wetland; outlets into a stream or wetland |
| Precision Land Forming | 462 | Any excavation or earthfill in a wetland; many ditches are considered streams and/or wetlands |
| Pumping Plant | 533 | Outlets into a stream or wetland; any impact to a wetland |
| Road/Trail/Landing Closure and Treatment | 654 | Any impact to a wetland; any drainage ditches that outlet into a stream that are modified or filled; any fill or excavation at a stream crossing |
| Sediment Basin | 350 | Outlets into a stream; impacts a wetland; or damming any stream |
| Shallow Water Development/Management | 646 | Any impact to a wetland or stream; adjacent to or affecting a farmed wetland or a farmed wetland pasture; inlets from or outlets into a stream or wetland |
| Spring Development | 574 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Stormwater Runoff Control | 570 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream; many ditches are considered streams and/or wetlands |
| Stream Crossing | 578 | Always requires a permit |
| Stream Habitat Improvement | 395 | Any excavation or fill material in a stream; any clearing of vegetation within a stream |
| Streambank and Shoreline Protection | 580 | Always requires a permit |
| Structure for Water Control | 587 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream; many ditches are considered streams and/or wetlands |
| Subsurface Drain | 606 | Outlets into a stream or wetland; any impact to a wetland |
| Surface Drainage, Field Ditch | 607 | Outlets into a stream or wetland; any impact to a wetland |
| Surface Drainage, Main or Lateral | 608 | Outlets into a stream or wetland; any impact to a wetland |
| Terrace | 600 | Outlets into a stream or wetland; any impact to a wetland |
| Trails and Walkways | 568 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Underground Outlet | 620 | Outlets into a stream or wetland; any impact to a wetland |
| Water and Sediment Control Basin | 638 | Any impact to a wetland; outlets into a stream; damming any stream or diverting water from a stream |
| Wetland Creation | 658 | Any impact to a wetland or stream; adjacent to or affecting a farmed wetland or a farmed wetland pasture (including shallow excavation, ditch plugs, levee breach, clearing woody vegetation that's over 5 years old) |
| Wetland Restoration | 657 | Any impact to a wetland or stream; adjacent or affecting a farmed wetland or a farmed wetland pasture (including shallow excavation, ditch plugs, levee breach, clearing woody vegetation that's over 5 years old) |
