To Whom it May Concern:

This is to confirm that the following Norwesco products meet the wall thickness requirements of ASTM D-1998 when used for storage of water with a specific gravity of 1.0:

<u>BLACK PART</u>	<u>GREEN PART</u>	<u>DESCRIPTION</u>
<u>NUMBER</u>	<u>NUMBER</u>	
40702	40863	305 Gallon Water Tank
40703	40864	550 Gallon Water Tank
43800	43802	600 Gallon Water Tank
40892	41686	1000 Gallon Water Tank
43804	43806	1075 Gallon Water Tank
40704	40865	1100 Gallon Water Tank
43808	43810	1525 Gallon Water Tank
43076		1225 Vertical Water Only (Wylie #TW1225VB-K18)
42038	42037	1500 Gallon Water Tank
40627	40866	1550 Gallon Water Tank
43077		1600 Vertical Water Only (Wylie #TW1600VBK)
40631	40867	2500 Gallon Water Tank, 95" Diameter
42040	42039	2500 Gallon Water Tank, 102" Diameter
44028		2500 Vertical Water Only (Wylie #TW2500VBK)
43812	43814	2550 Gallon Water Tank
40635	40868	3000 Gallon Water Tank, 95" Diameter
42042	42604	3000 Gallon Water Tank, 102" Diameter
43995		3000 Vertical Water Only (Wylie #T3000VBK)
40641	40870	5000 Gallon Water Tank, 102" Diameter
43829	43831	5000 Gallon Water Tank, 141" Diameter
42411		6500 Gallon Vertical Tank, Black
43132	41379	10000 Gallon Water Tank, 22" Lid

These Norwesco water tanks are manufactured from resin that meets the impact test criteria in ASTM D-1998. Each Norwesco water tank is marked with a serial number that can be traced to the date and location of manufacture, and each tank has a label indicating the capacity and part number.

The listed Norwesco water tanks are each furnished with a 2" polypropylene bulkhead fitting near the bottom, and a 1-1/2" polypropylene bulkhead fitting near the top. These fittings comply with the fittings requirements of ASTM D-1998.

This is not a guarantee, and does not supersede or modify the standard Norwesco warranty.

A handwritten signature in cursive script that reads 'Jerry Paulson'.
