National Supplement to Animal Enhancement Activity – ANM38 – Retrofit watering facility for wildlife escape and enhanced access for bats and bird species

State: _____

Participant: _____

Sage-grouse Initiative (SGI)

Additional criteria:

- 1) Where state standards for NRCS practice (614) water facility require infrastructure to protect plumbing, adherence to Criteria B is not required.

This enhancement will be implemented in accordance with the appropriate conservation measures as described in the Conference Report for the NRCS' Sage-Grouse Initiative.

NOTE: North Dakota and Wyoming both require bracing that makes use of this enhancement not possible. Other states may also have this conflict as well.
