TECH DEV APPL 450-15-ISSUE- 405

January 31, 2012

SUBJECT: VIRGINIA FIELD OFFICE TECHNICAL GUIDE – SECTION IV –
 Virginia Conservation Practice Standards

Purpose: To transmit the following VA Conservation Practice Standards and supporting documentation:

Code	Standard	O&M Plan	Statement of Work	Job Sheet
313	Waste Storage Facility	X	X	N/A
359	Waste Treatment Lagoon	X	X	N/A
360	Waste Facility Closure	N/A	X	N/A

Effective Date: Upon receipt.

Filing Instructions: These standards and supporting documentation are accessible electronically in Section IV of the VA eFOTG at:
<http://efotg.nrcs.usda.gov>.

If you maintain hard copies, replace the old standards with updated standards in Section IV of the Virginia Field Office Technical Guide. File updated supporting documents behind the pertinent standard.

Explanation:

Waste Storage Facility (Code 313) – This Standard is in compliance with Virginia law. Liquid storage facilities must have one foot of freeboard above the required storage volume.

Waste Treatment Lagoon (Code 359) – This Standard is in compliance with Virginia law. The facility must have one foot of freeboard above the required storage volume.

Waste Facility Closure (Code 360) – This Standard replaces the Standard for Closure of Waste Impoundments. The new Standard has been modified to allow closure of structures other than impoundments. In particular, it allows remediation of the soil in an abandoned poultry house.

JOHN A. BRICKER
State Conservationist
