**FIELD OFFICE TECHNICAL GUIDE (FOTG)
450-VI
AMENDMENT WA 36**

Purpose:

To transmit the following documents to the Washington State eFOTG.

Section I-B

Washington State Documents	Explanation
Plant Materials Technical Note 3 - Partial List of Vendors Of Conservation Plants and Seed for Oregon, Washington, and Northern Idaho	This is an updated list of vendors for use in conservation planning and implementation activities.
Plant Materials Technical Note 18 - Green Manure and Cover Crops for the Inland Pacific Northwest	This is a new Technical Note that provides information for conservation planners on use of cover and green manure crops.

Section IV

Washington State Documents	Explanation
Nutrient Management (590) <ul style="list-style-type: none"> - Revised Standard - Specification Guide - Job Sheet - Sample Job Sheet - Statement of Work 	Revised National practice standard adopted for use in Washington with no changes. The national standard was revised to expand the Purpose and Consideration sections to include Air Quality. In addition, the standard reinforces use of certified laboratories and stresses the importance of sampling and sample scheduling. The Job Sheet has been significantly revised and a sample job sheet has been prepared to clarify expectations of the planner when preparing the document for client use. The Deliverables in the Statement of Work were updated.

Section V

Nutrient Management (590) <ul style="list-style-type: none"> - Conservation Practice Physical Effects Worksheet 	Revised to reflect changes in CPPE values.
--	--

Effective Date: This notice is effective upon receipt.

These documents are posted to the Washington State eFOTG.
