**FIELD OFFICE TECHNICAL GUIDE (FOTG)
450-VI
AMENDMENT WA 54**

Purpose

To transmit Washington Agronomy Technical Note: No 15.
Crop Land Energy Efficiency Tool

Effective Date. This notice is effective upon received.

Explanation.

Be advised that the Crop Land Energy Efficiency Tool is available for immediate use as Washington Agronomy Technical Note 15. The tool is available in Washington eFOTG Section I; Reference Lists; Technical Notes by discipline.

This planning tool is available as an Excel Workbook Template. The tool is designed to be used by conservation planners for Inventory and Evaluation of the Energy Use and Efficiency of field specific crop production systems.

Rich Edlund
State Resource Conservationist (Acting)
