**WISCONSIN FIELD OFFICE TECHNICAL GUIDE
NOTICE FOTG WI-30**

The following revisions to the Wisconsin FOTG have been posted on the Wisconsin e-FOTG website:

Section IV

- Index
- Standard 561, Heavy Use Area Protection
- Standard 516, Pipeline
- Standard 521C, Pond Sealing or Lining - Bentonite Treatment
- Standard 568, Recreation Trail and Walkway
- Standard 638, Water and Sediment Control Basin
- Standard 614, Watering Facility

Section IV

- Standard 561, Heavy Use Area Protection, was revised to allow the practice to be used for fuel storage secondary containment and pesticide mixing areas.
- Standard 516, Pipeline, was revised to include items from the revised national standard and to adjust the time in which to provide the minimum daily water volume.
- Standard 521C, Pond Sealing or Lining - Bentonite Treatment, was not changed but issued with a new date.
- Standard 568, Recreation Trail and Walkway, was not changed but issued with a new date.
- Standard 638, Water and Sediment Control Basin, was changed in conformance to the most recent national standard.
- Standard 614, Watering Facility, was revised to include items from the revised national standard and to allow other materials for watering tanks.
