WISCONSIN FIELD OFFICE TECHNICAL GUIDE
NOTICE FOTG WI-41

The following revisions to the Wisconsin FOTG have been posted on the Wisconsin e-FOTG website:

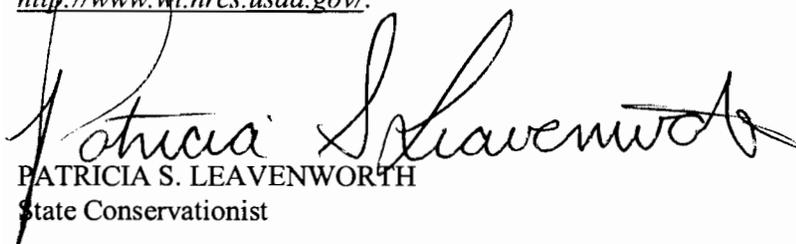

Section IV

- Index
- Standard 584, Channel Stabilization
- Standard 332, Contour Buffer Strips
- Standard 582, Open Channel
- Standard 585, Stripcropping
- Standard 606, Subsurface Drain
- Standard 600, Terrace
- Standard 620, Underground Outlet
- Specification 15, Plastic Pipe Conduits
- Specification 18, Sack or Tubular Gabion
- Specification 100, Poultry Carcass Composter

Standards 584, Channel Stabilization; 582, Open Channel; and 606, Subsurface Drain, have been reviewed and revised with a current date only. Standards 332, Contour Buffer Strips; and 585 Stripcropping, have been revised to clarify the definition of slope length (L) used for practice design. Standards 600, Terrace, and 620, Underground Outlet, have been revised to reflect changes in the corresponding national standards.

Minor revisions have been made to Construction Specifications 15, Plastic Pipe Conduits, to reflect the new ASTM standard. Construction Specification 18, Sack or Tubular Gabion, has had a minor change to the lacing wire diameter to be consistent with the national standard. Construction Specification 100, Poultry Carcass Composter, has been reviewed and revised with a current date only.
