

STATEMENT OF WORK Underground Outlet (620) West Virginia

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

DESIGN

Deliverables:

1. Design documents that demonstrate criteria in practice standard have been met and are compatible with planned and applied practices
 - a. Practice purpose(s) as identified in the conservation plan.
 - b. List of required permits to be obtained by the client
 - c. Compliance with NRCS national and state utility safety policy (NEM part 503-Safety, Section 503.00 through 503.06)
 - d. Practice standard criteria related computations and analyses to develop plans and specifications including but not limited to:
 - i. Inlet Type
 - ii. Hydraulics
 - iii. Materials
 - iv. Outlet Capacity and Stability
2. Plans and specifications that include drawings that show the requirements and specifications that describe in writing the requirements to install the practice and to obtain the necessary permits shall be provided to the client. **Follow the requirements in "Documentation and Certification for Engineering Practices" located in FOTG Section IV.**
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations (NEM Subpart A, 505.3). Compliance with NRCS Cultural Resources Policy (GM Title 420 Part 401).
5. Design modifications during installation as required

Note:

INSTALLATION

Deliverables

1. Pre-installation conference with client and contractor
2. Verification that client has obtained required permits
3. Staking and layout according to plans and specifications including applicable layout notes
4. Installation inspection
 - a. Actual materials used
 - b. Inspection records
5. Facilitate and implement required design modifications with client and original designer
6. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
7. Certification that the installation process and materials meets design and permit requirements (NEM Subpart A, 505.3).

Note:

**STATEMENT OF WORK
Underground Outlet (620)
West Virginia**

CHECK OUT

Deliverables

1. As-built documentation
 - a. Extent of practice units applied
 - b. Drawings – ***“Red-line” drawings (NEM Part 512, Construction, Subpart F – As-builts, 512.50 through 512.52)***
 - c. Final quantities
2. Certification that the installation meets NRCS standards and specifications and is in compliance with permits
3. Progress reporting
