Archived Materials

Interim Standard Remove and archive **Agrichemical Handling Facility (702i)**

Remove WV Conservation Practice Standards and Statements of Work (SOW)

Remove and archive the following practices:

Waste Storage Lagoon (359)

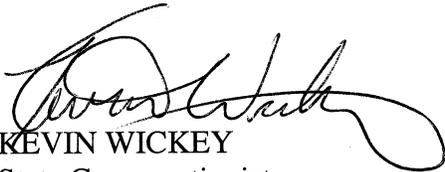

Effective Date:

Upon Receipt

Note: The conservation practice standard Waste Water Treatment Area (635) has been replaced with conservation practice standard Vegetated Treatment Area (635).

The updated standards and job sheets are available on the eFOTG. To locate the above information go to http://efotg.nrcs.usda.gov/efotg_locator.aspx?map=WV (eFOTG County Locator), click on the county then to the table of contents (upper left quadrant of the screen) labeled eFOTG, Section IV and to subsection C. Conservation Practices then scroll down to locate the practice. Archived material is available in Section IV under subsection F. "Archived Conservation Practice Standards and Materials".

If you have any questions or concerns, please contact Patrick Bowen, State Resource Conservationist at (304) 284-7579 or Angela Greene, State Conservation Engineer at (304) 284-7561.
