

Source of Official Soil Survey Data

General

This county is covered by two soil surveys: Soil Survey of Goshen County, Wyoming, Southern Part and Soil Survey of Goshen County, Wyoming, Northern Part.

The soil surveys for this county are published as a soft cover survey publication. The publication includes soil map unit descriptions, series descriptions, tables of properties and interpretations for various uses, and soil maps. This publication remains a valuable reference but it is no longer considered the official soil data for this county.

List of Official Maps and Data and their appropriate planning or program use:

Used For	Access to Official Maps	Access to Official Data
Current Conservation Planning and program applications	Digital soil map available in SSURGO spatial download from http://soildatamart.nrcs.usda.gov/	The official source of soil data and information is available from web site www.nrcs.usda.gov/technical/efotg/ . A link to view or print soil tables and interpretations reports is in the Section II/(name)County/ Soil Information folder. A link to download the entire digital soil data is available at this same web site.
1985 Food Security Act – conservation planning	Digital soil map available in SSURGO spatial download from http://soildatamart.nrcs.usda.gov/	The official source of soil data and information is available from web site www.nrcs.usda.gov/technical/efotg/ . A link to view or print soil tables and interpretations reports is in the Section II/(name)County/ Soil Information folder. A link to download the entire digital soil data is available at this same web site.
1985 Food Security Act – HEL determinations	Hard copy map sheets in published soil surveys in NRCS county field office	Highly Erodible Land List (hard copy) 1/1/1990 in NRCS county field office.

FPPA	Digital soil map available in SSURGO spatial download from http://soildatamart.nrcs.usda.gov/	The official source of soil data and information is available from web site www.nrcs.usda.gov/technical/efotg/ . A link to view or print soil tables and interpretations reports is in the Section II/(<i>name</i>)County/ Soil Information folder. A link to download the entire digital soil data is available at this same web site.
All other uses	Digital soil map available in SSURGO spatial download from http://soildatamart.nrcs.usda.gov/	The official source of soil data and information is available from web site www.nrcs.usda.gov/technical/efotg/ . A link to view or print soil tables and interpretations reports is in the Section II/(<i>name</i>)County/ Soil Information folder. A link to download the entire digital soil data is available at this same web site.

The tabular soil data from the Soil Data Mart (SDM) <http://soildatamart.nrcs.usda.gov> can be imported into a Microsoft Access database template. The template is available for download from Soil Data Mart web site (<http://soildatamart.nrcs.usda.gov>).

The spatial data downloaded from the SDM requires the use of GIS software to view or print the maps.

For specific information or assistance in using the soil survey information, contact the NRCS Soils Staff at: (307) 233-6773 or (307) 233-6774.
