TECHNICAL GUIDE NOTICE WY - 100

Purpose: This notice transmits the following changes to conservation practice standards, statement of work, and documentation requirements in Section IV eFOTG:

Major changes to this standard

Nutrient Management (590): This standard was reviewed and revised, resulting in significant changes to the standard to bring it in line with the new National standard. The previous version of the standard is archived in the eFOTG Section IV Archive Folder.

Minor changes to this statement of work

Nutrient Management (590): This statement of work was reviewed and revised to bring it in line with the new 590 standard. The previous version of the statement of work is archived in the eFOTG Section IV Archive Folder.

Minor changes to this documentation requirement

Nutrient Management (590): This documentation requirement was reviewed and revised to bring it in line with the new 590 standard. The previous version of the documentation requirement is archived in the eFOTG Section IV Archive Folder.

Effective Date: This notice is effective when received.

Filing Instructions: The revised conservation practice standards and forms are electronically filed in the Wyoming eFOTG at this site:

http://efotg.sc.egov.usda.gov/efotg_locator.aspx?map=US

A handwritten signature in blue ink, appearing to read "Astrid Martinez", written over a horizontal line.

ASTRID MARTINEZ
State Conservationist
