**Technical Guide Notice Number 12-02**

The first two numbers on the technical guide notice represent the fiscal year (2012). The last two numbers represent the notice number for the year.

*Important:* Please “**Reload Domain Data**”, which is located under “File” on the main toolbar in Customer Service Toolkit, on all computers. Reloading Domain data will insure the Toolkit user has updated practices and narratives from Conservation Practice Standards.

Per North Carolina supplement to the General Manual 120, Part 403 only FOTG Sections I and IV are required to be maintained in hardcopy format. Technical References are no longer required to be maintained in hard copy, however if they are maintained then references may be kept in file drawers. If additional directives are printed and maintained for office use, these files must be updated with the latest releases, versions, and supplements. Obtain copies for printing from NRCS FOTG website.

**Please take the following action in the hard copies of the Field Office Technical Guide:**

**Section IV**

**Print the following from FOTG; file at the front of Section IV. Discard old version.**

- Conservation Practice Index - Standards and Specifications (*rev. November 2011*)

**Print the following new standards from FOTG and file alphabetically.**

- Residue and Tillage Management, Mulch Till (345)
- Residue and Tillage Management, Ridge Till (346)
- Well Water Testing (355)
